## SITES FOR WESTERLY'S HOSPITAL

Desirable Property offered Promoters of Project-Death of James Craig-Annual Meeting of A. & W. Street Railway Co .- Mililtary Character of Post Office Force

The committee of the Westerly Medical society is actively canvassing to ascertain the ways and means of establishing the proposed hospital in Westerly, encouraged by the offer of Dr. E. A. Lewis to donate the land for a hospital site at Vincent-Carr Hill. Already the endowment of five beds in the hospital has been assured and several cash contributions have been promised. It is expected by the committee that within a short time the public spirited people of Westerly will have contributed a sum sufficient for furnishing the hospital and that this will be followed with subscriptions to a building fund that will be ample to erect the hospital, provided it be decided to build on the land offered by Dr. Lewis.

Senator Foraker Delivers Speech or Use of Private Detectives.

Washington, Jan. 12.—A spirited speech by Senator Fornker on the use of private detectives in investigating the Brownsville affair, was the feature of interest in the senate today. Mr. Foraker laid aside his manuscript several times during his address to inject remarks that were pointedly aimed at the president, although he refrained from the mention of Mr. Roosevelt's name. Evidently referring to the president, he declared that men who makes charges and insinuations will some time "be where they can be called to account."

Mr. Lodge replied to Mr. Foraker's remarks, declaring that the use of the \$3,000,000 fund appropriated in 1899 as an emergency war fund for the president during the Spanish war, in the employment of detectives on the Brownsville case, was not in violation of law.

#### Anty Drudge Talks to an Indignant Woman.

Mrs. Topflat-"Just gaze at that skirt! Looks like a piece of Swiss cheese. Full of holes. My washwoman 'must use quick lime instead of soap."

Anty Drudge-"Why don't you wash at home?"

Mrs. Topflat-"At home, indeed! Why, as you know, I live in an apartment. Boil clothes on a gas range? Most likely land in the hospital."

Anty Drudge-"Why, dear, use Fels-Naptha and you don't have to boil the clothes. Lukewarm or cool water is all that's needed winter or summer. And I'll guarantee your clothes will never again be freckled with holes."

No sensible woman wants to do more work than is necessary to accomplish the best results.

And yet-

There are women who take a full day to do the weekly wash when it can be done in half the time and far better.

Is this because they don't know the Fels-Naptha way?

Or is the reason that they are so governed by habit that they hesitate to try a new method?

The Fels-Naptha way is so easy, so simple. Full directions are on the red and green wrapper.
